

ES-5108P

SOHO Gigabit Ethernet Switch

1-Port Gigabit + 8-Port 10/100Mbps Switch

Supports Auto-MDI / MDI-X

Each of the switch's ports is able to auto sense whether your cable is the normal or cross over type, so you don't need to worry about having the wrong cables

Supports Full-Wire Speed and Flow Control

The smart switch's non-blocking architecture provides your network with full-wire speed connections, ensuring no bottlenecks is caused as a result of the switch. The smart switch's flow control (back pressure/IEEE802.3x) ensures reliable packet transfer and prevents packet lost, thus increasing reliability and performance

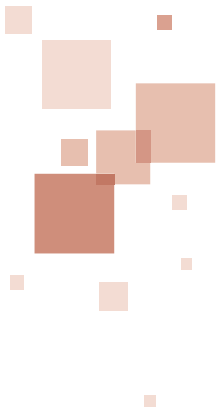

Auto-negotiation & Full/Half duplex

This function allows you to seamlessly integrate 10Mbps, 100Mbps and 1000Mbps networks

Slim size design

The slim size of the gigabit switch are ideal for the SOHO/Home networking.

Features :

- Complies with the IEEE802.3 Ethernet, IEEE802.3u Fast Ethernet, IEEE802.3ab Gigabit Ethernet standards
- Provides Store-and-Forward architecture and full wire speed forwarding and filtering rates
- All UTP Ports support full/half duplex modes and auto-negotiation
- All UTP Ports support Auto-MDI/MDI-X function
- Supports flow control: back pressure for half-duplex mode, IEEE 802.3x for full-duplex mode
- Extensive front-panel diagnostic LEDs
- External power supply
- Slim size unit

Specification :

Product	ES-5108P
Standards	IEEE802.3 IEEE802.3u IEEE802.3ab
Gigabit Port	RJ45 x 1
10/100Mbps Port	RJ-45 x 8
MAC address	4 k
Buffer Memory	256 KBytes
Dimension	30(H) x 187(W) x 100(D) mm
Weight	370 g
Temperature	10-55 Degree C
Humidity	0~90% (Non-Condensing)
Certification	FCC Class B, CE Mark , C-Tick
